HOLDING

CORPORATE PROFILE · 2026

Building a Healthier, More Beautiful and Prosperous Future.

TAG Holding Group is a diversified Saudi business group headquartered in Riyadh, bringing together specialized businesses across healthcare, ambulance manufacturing, medical technology, wellness, beauty, events, and professional development.

ABOUT TAG HOLDING

A Diversified Holding Platform Built for Saudi Arabia

TAG Holding Group is a diversified Saudi business group headquartered in Riyadh, built upon a legacy of medical excellence, entrepreneurship, and strategic business development. Founded upon the vision of the late Dr. Abdulkader bin Mahboub Al Gilani, the Group brings together specialized businesses across healthcare, ambulance manufacturing, medical technology, wellness, beauty, events, and professional development.

Anchored in values of excellence, trust, and innovation, TAG Holding aligns its portfolio with the opportunities of Saudi Vision 2030 and the Kingdom's expanding private sector.

VISION

To build a diversified and sustainable business group that advances healthcare excellence, innovation, and quality of life.

MISSION

To develop specialized businesses through responsible leadership, operational excellence, and long-term value creation.

ALINAYA MEDICAL — HEALTHCARE BUSINESSES

Healthcare Businesses Managed by Alinaya

The following businesses operate under the management of Alinaya Alrafia Medical Company, TAG Holding's dedicated healthcare subsidiary.

Al Jood Medical

SPECIALIZED AMBULANCE MANUFACTURING FACILITY

Al Jood Medical is a specialized manufacturing facility dedicated to ambulance production, customization, and medical outfitting. The company develops purpose-built ambulances and emergency response vehicles equipped to support emergency medical services and patient transportation.

— Ambulance manufacturing
— Emergency vehicle customization
— Medical equipment integration
— Specialized ambulance outfitting

SATECH

SAUDI TECHNOLOGY & EQUIPMENT CO. — MEDICAL DEVICES, BIOSAFETY & SPECIALIZED TECHNOLOGIES

SATECH is a specialized technology and equipment company operating across medical and technical sectors. Its portfolio includes medical devices, biosafety equipment and solutions, optical lenses, biometric identification systems, fingerprint recognition devices, and other specialized technologies.

— Medical devices and equipment
— Biosafety systems and solutions
— Optical lenses
— Biometric and fingerprint devices
— Specialized technological equipment

Alwarood Medical Center

COMPREHENSIVE MULTI-SPECIALTY MEDICAL CENTER

Alwarood Medical Center is a comprehensive multi-specialty healthcare facility offering medical services across major clinical disciplines, including dentistry, internal medicine, surgery, and day surgery procedures. The center provides integrated diagnostic and clinical care through a multidisciplinary approach.

ALINAYA MEDICAL — HEALTHCARE BUSINESSES

Alkhawaled, Almajorh & MEDOOR

Alkhawaled Dialysis Center

SPECIALIZED KIDNEY & RENAL CARE

Alkhawaled Dialysis Center focuses on kidney dialysis and ongoing renal care, with an emphasis on patient comfort, clinical safety, and continuity of treatment.

Almajorh

MEDICAL & SCIENTIFIC SERVICES · HOSPITAL DEVELOPMENT · MEDICAL SUPPLIES

Almajorh provides medical and scientific services with activities spanning hospital and medical center development and medical supplies distribution. The company supports the Kingdom's growing healthcare infrastructure in alignment with Vision 2030 targets.

MEDOOR

PROFESSIONAL HOME HEALTHCARE SERVICES

MEDOOR delivers professional home healthcare services, providing personalized clinical care and medical support within patients' homes.

- Primary home care — GP visits, chronic disease management, post-surgical recovery
- Specialist care — physiotherapy and psychological support
- Diagnostic services — blood tests, ECG monitoring, health screenings

BROADER PORTFOLIO

Wellness, Events & Professional Development

Wellness & Luxury Beauty

PREMIUM BEAUTY & LIFESTYLE

Gennaro Dell'Aquila (GA) and Bechara Iskandar Haddad (BA) are two distinct premium beauty and wellness salons operating under the TAG Holding platform, positioned in Riyadh's growing luxury personal care market.

Gennaro Dell'Aquila (GA)

Royal Academy

PROFESSIONAL DEVELOPMENT

Royal Academy is a planned professional development institution under the TAG Holding umbrella. The business is working toward regulatory registration and the development of its curriculum and certification framework, aligned with the Kingdom's human capital development goals.

STRATEGIC PRIORITIES

Four Priorities for the Next Phase

01 **Expand the Healthcare Network**
Businesses: Alinaya Alrafia Medical Company, Alwarood Medical Center, Alkhawaled Dialysis Center
Next milestone: Increase patient capacity and geographic reach across Riyadh

02 **Scale Wellness and Beauty Brands Regionally**
Businesses: Gennaro Dell'Aquila (GA), Bechara Iskandar Haddad (BA)
Next milestone: Expand to additional Riyadh locations; explore inter-city presence

03 **Establish Formal Operations for Events and Protocol Businesses**
Businesses: WAW Event Management, Elite Hospitality Protocol
Next milestone: Complete registration and develop the service offering for each venture

04 **Progress Royal Academy Toward Registration and Launch**
Business: Royal Academy
Next milestone: Complete regulatory registration; define curriculum and certification framework

GROUP LEADERSHIP
