Home Healthcare Services

Medical to Door

> Quality Healthcare, Delivered at Home.
> Professional. Compassionate. Trusted.

A SUBSIDIARY OF ALINAYA ALRAFIA MEDICAL COMPANY · RIYADH, SAUDI ARABIA

WHO WE ARE

Redefining Home Healthcare Across Saudi Arabia

Medoor is a specialist home healthcare company operating under the Alinaya Alrafia Medical Company group — established to bring hospital-grade medical care to patients in the comfort of their own homes. We serve patients across Saudi Arabia who require ongoing clinical support, post-operative recovery care, or long-term management of chronic conditions.

Our team of licensed nurses, physiotherapists, and qualified clinicians brings compassion and expertise to every visit. We are committed to upholding the highest standards of patient safety, clinical accuracy, and personalized care — treating every patient with the respect and dignity they deserve.

Founded in alignment with Saudi Vision 2030's healthcare transformation goals, Medoor actively supports the national objective of expanding accessible, high-quality healthcare services beyond hospital walls — into homes, communities, and every corner of the Kingdom.

> "We believe that quality healthcare should not be limited to a hospital setting. Every patient deserves clinical excellence — wherever they call home."

— WHAT WE OFFER

Professional Home Healthcare Services

Home Nursing Care

Wound care, IV therapy, medication administration, and vital sign monitoring by licensed nurses at the patient's home.

Physical & Occupational Therapy

Tailored rehabilitation programs — post-surgical recovery, stroke rehabilitation, mobility improvement, and strength training at home.

Post-Surgical Recovery Care

Comprehensive post-operative care — surgical site monitoring, pain management, medication follow-up, and coordinated clinical oversight at home.

Elderly Home Care

Compassionate care for elderly patients — personal care assistance, chronic condition monitoring, falls prevention, and companionship programs.

Chronic Disease Management

Ongoing home-based management for diabetes, hypertension, cardiac conditions, and other chronic illnesses — monitoring, education, and follow-up.

Clinical Assessment & Monitoring

Periodic home visits by qualified clinicians — health assessments, lab sample collection, vital monitoring, and coordinated reporting to the primary physician.

Postnatal Care

Home care for mother and newborn following birth — wound care, breastfeeding support, newborn health checks, and maternal recovery monitoring.

Health & Lifestyle Assessment

A comprehensive review of your health, lifestyle habits, and personal goals before any treatment is recommended — ensuring care is tailored and right for you.

ADVANCED CARE

Specialised Home Healthcare Services

POSTNATAL CARE

Postnatal Care — Mother & Newborn

Comprehensive in-home care for mother and newborn — wound monitoring, breastfeeding support, infant care guidance, and maternal health follow-up by specialised nurses.

WELLNESS SCREENING

Vitamins, Minerals & Toxins Screening

In-home lab testing for micronutrient deficiencies, mineral imbalances, and toxic exposure — with a personalised supplementation plan and IV therapy delivered at home when indicated.

Health assessment

HEALTH ASSESSMENT

Lifestyle & Health Goals Assessment

A holistic in-home consultation to review health status, lifestyle habits, and personal wellness goals — before any treatment is prescribed, ensuring care is genuinely personalised.

MISSION & VISION

Our Purpose & Direction

OUR MISSION

What We Do

To deliver professional, compassionate home healthcare services that bring clinical excellence to patients across Saudi Arabia — enabling recovery, independence, and a better quality of life within the comfort of home.

OUR VISION

Where We're Going

To be the most trusted home healthcare provider in Saudi Arabia — setting the standard for in-home medical care and making quality healthcare accessible to every patient, wherever they are.

WHY CHOOSE MEDOOR

The Medoor Difference

01

Licensed Professionals

All care providers are licensed and credentialed under Saudi health authority standards.

02

Patient-Centered Care

Individualized plans designed around each patient's unique clinical and personal needs.

03

Flexible Scheduling

Visit scheduling that fits the patient's routine, including evenings and weekends.

04

Vision 2030 Aligned

Contributing to Saudi healthcare transformation — expanding access and raising standards.
