CORPORATE PARTNERSHIP PROFILE · 2026

Medical to Door

Professional Home Healthcare Services

A subsidiary of Alinaya Alrafia Medical Company

WHO WE ARE

About Medoor

Medoor is a home healthcare company delivering professional clinical services to patients across Saudi Arabia. Operating as a subsidiary of Alinaya Alrafia Medical Company, Medoor coordinates a multidisciplinary care team — bringing licensed physicians, nurses, and specialist clinicians directly to the patient at home.

For institutional partners — hospitals, insurers, and corporate clients — Medoor provides a coordinated care pathway supporting discharge follow-up, post-acute recovery, and ongoing chronic disease management, while maintaining professional clinical documentation throughout.

WHAT WE OFFER

Our Services

Primary Home Care

Routine and urgent medical visits by licensed physicians and nurses.

- GP home visits
- Chronic disease management
- Post-surgical recovery
- Elderly care

Specialist Care

Home visits across multiple clinical disciplines.

- Paediatrics
- Obstetrics & Postnatal
- Physical therapy
- Psychological support

Diagnostic Services

In-home laboratory and monitoring for clinical assessment.

- Blood & lab tests
- ECG & vital monitoring
- Health screenings

Corporate & Occupational Health

Occupational health programmes and event medical coverage.

- Executive medical check-ups
- Event & site medical cover
- Employee health & wellbeing programmes
- Occupational health assessments

CLINICAL EXPERTISE

Specialised Home Services

Beyond routine visits, Medoor provides specialist-level care at home — including postnatal nursing, clinical infusion therapy, and comprehensive paediatric assessments.

Postnatal Care

Specialist nursing visits for mother and newborn in the critical first weeks.

IV Therapy & Clinical Infusions

In-home intravenous therapy, vitamin infusions, and hydration treatment administered by qualified nursing staff.

Paediatric Assessment

Comprehensive home-based check-ups for children of all ages.

Post-Surgical Recovery

Supervised wound care, medication management, and rehabilitation visits after hospital discharge.

Chronic Disease Management

Ongoing care for diabetes, hypertension, and other long-term conditions — monitored and coordinated from home.

SERVICE AREAS

Where We Serve

Medoor serves patients across three primary regions in Saudi Arabia, coordinating from a Riyadh base with service presence in the Western and Eastern regions.

HQ

CENTRAL REGION

CLINICAL CARE

Physicians
Licensed physicians providing diagnosis, assessment, and home medical visits.

Nurses
Clinical nurses delivering hands-on patient care and post-procedure monitoring.

ALLIED HEALTH

Physiotherapists
Qualified therapists delivering rehabilitation and mobility support at home.

Caregivers
Support professionals providing personal care and daily living assistance.

DIAGNOSTICS

Radiology Technicians
Trained imaging and diagnostic support professionals.

Laboratory Support
Facilitating in-home specimen collection and test coordination.

HEALTH COORDINATION

Health Educators
Supporting patient and family understanding of care plans and health promotion.

Operations & Support
Coordinating scheduling, clinical records, and administrative continuity.

MISSION & VISION

Our Purpose & Direction

OUR MISSION

What We Do

To deliver professional, compassionate home healthcare services that bring clinical excellence to patients across Saudi Arabia — enabling recovery, independence, and quality of life within the comfort of home.

OUR VISION

Where We're Going

To be the most trusted home healthcare provider in Saudi Arabia — setting the standard for in-home medical care and making quality healthcare accessible to every patient, wherever they are.

PARTNERSHIP RELEVANCE

Value for Institutional Partners

01

Licensed Professionals

All care providers are licensed under Saudi health authority standards.

02

Multidisciplinary Coordination

Coordinated care delivery from a single clinical contact — simplifying discharge pathways.

03

Patient-Centred Care Plans

Individualised plans designed around each patient's clinical and personal needs.

04

Vision 2030 Aligned

Contributing to national healthcare transformation — expanding home-based care access across regions.
